

	PLENARY AND OPENING TALK OF THE CONFERENCE
	Room 1 Chair: I. Gyóri
09:30 - 10:30	G. Sell: <i>Growth Transformations</i>

10:30 - 12:30	RECEPTION WITH THE MINISTER OF SCIENCE
---------------	---

	PLENARY TALKS
	Room 1 Chair: I. Gyóri
12:30 - 13:30	G. Ladas: <i>Open Problems and Conjectures in Rational Difference Equations</i>
13:30 - 14:00	C. Bernhardt: <i>A method of calculating characteristic polynomials of transition matrices associated to directed graphs</i>

	PARALLEL SESSIONS	
	Room 1 Chair: A. Ruffing	Room 2 Chair: G. Ladas
14:15 - 14:45	R. H. Heredero: <i>Multiscale expansion of Difference Equations</i>	L. Berezhansky: <i>On Exponential Stability for a Linear Delay Difference Equation</i>

14:45 - 15:15	COFFEE BREAK
---------------	---------------------

	PARALLEL SESSIONS	
	Room 1 Chair: A. Ruffing	Room 2 Chair: G. Ladas
15:15 - 15:45	M. Piñar: <i>Non-Standard Orthogonal Polynomials involving q-Differences: the q-Laguerre case</i>	G. Belitskii: <i>On systems of differential equations in the space of C^∞-functions on smooth manifolds</i>
15:45 - 16:15	T. Pérez: <i>Difference Equation for a Stieltjes function associated with Discrete Classical Orthogonal Polynomials</i>	J. Elyseeva: <i>The Number of Focal Points for the Principal Solutions of Symplectic Difference Systems</i>
16:15 - 16:45	M. Rachidi: <i>Nonhomogeneous linear difference equations and moment problems</i>	C. Schinas: <i>On a Non-autonomous k^{th} Order Rational Difference Equation</i>

18:00	RECEPTION BY THE MAYOR OF LAUFEN, MR. LUDWIG HERZOG IN THE HISTORICAL TOWN HALL OF LAUFEN
-------	--
